2023/03/13 9:27:09 PM GMT+5:30	Yes	BBA 3rd semester	Consumer behavior	Excellent	Good	Good	Good	Good	Good	Good	Yes	Yes	No	I said no because the reason behind this was he never allows us to note on the notebook and gives the pdf just before 2 or 3 days before exam we do not have much time to read thr pdfs and we don't have the notes also so it is so much pressure on us as a student and the questions are out of the pdf also so how could i give the exam properly if there is no notes not a pdf also and he gives the pdf 2 or 3 days before exam where the other subjects exams are going on inbetween

While I appreciate the need for structure and discipline in the learning environment, I feel that at times, the rules and expectations in the class are unnecessarily harsh. As a student, I want to feel supported and encouraged to grow, learn, and succeed. However, I feel that the constant focus on discipline and punishment has led to an atmosphere of fear and anxiety, which is not conducive to learning.

Greetings NSU,
 This is my remarks on the given faculty that the teaching style of them is not upto Level.
 They don't bring out the want of us to learn something.
 They use the same old methods of teaching.
 And are very strict,
 In college one should be joyful and should teach in such a way that it helps in corporate World,
 It feels as if they r doing it just because of the mere salary.
 Hope you will look into this better and train the faculty better.

I appreciate the teacher's dedication but feel that their strict approach is having a negative impact on the classroom atmosphere. Students need to feel supported and encouraged, and a more balanced approach would help to create a positive learning environment. I respectfully request that he should change his teaching style.

Sir teach account very well but sir behaviour is very angry
