

NATIONAL SERVICE SCHEME

National Service Scheme

The main aim of conducting National Service Scheme program in Netaji Subhas University is to create Personality Development through Community Service. This program is to motivate and encourage the social welfare thoughts in the students and to provide service to the society without any prejudice. NSS volunteers are dedicated to this work to ensure that every one in our society who is needy gets every possible help from them so that they can also enhance their standards and lead a life of dignity in the society with all of us. In doing so, the volunteers themselves learn a lot like how to struggle and how to lead a happy life in the extreme scarcity of resources and so on. The National Service Scheme is personality development through social service or community service. This program aims at inculcating social welfare thoughts among the students by providing service to the society without any prejudice. The University has a NSS unit, with an objective to develop the attitude of social service among the professional students and to make them into responsible citizens.

National Service Scheme

Not Me But You

Our Motto: NOT ME BUT YOU

The motto of the National Service Scheme (N.S.S) is “Not Me, But You”, i.e. “Service before Self.” It expresses the essence of democratic living and upholds the need for selfless services and appreciation of another man’s point of view and also show consideration towards fellow human beings. It underlines the welfare of an individual which is most necessary as it ultimately leads to the welfare of the society as a whole. Therefore the N.S.S. should aim to demonstrate this motto in its day-to-day activities. NSS works in collaboration with non-profitable and socially responsible organizations. The NSS unit has adopted notable number of Govt. schools.

PROJECT HYGIENE AND SANITATION (in the adopted village of NSU)

Netaji Subhas University's National Service Scheme lead Project Hygiene and Sanitation in their adopted village 'Mukhiya Danga', prioritizing community involvement and education. They champion initiatives for clean water access, effective waste management, and hygiene education. By fostering sustainable practices and raising awareness, the project aims to enhance public health and uplift living standards. Through collaborative efforts with villagers, they aspire to create a lasting impact, ensuring a cleaner, healthier environment for present and future generations in the adopted community.
