

# 5.1.2 STUDENTS BENEFITED BY GUIDANCE FOR COMPETITIVE EXAMINATION AND CAREER COUNSELING OFFERED BY THE INSTITUTION

Statement Related to the Practice of Career Counselling and Guidance for Competitive Examinations at Netaji Subhas University

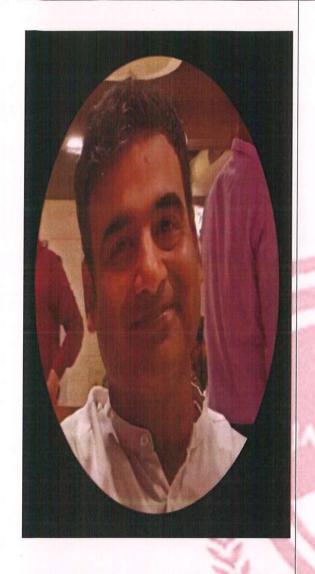

Netaji Subhas University offers a wide range of programs where students from various sections of society get enrolled. A substantial portion of these students require specialized guidance, training, and career counselling. The university has adopted a number of appropriate measures, including:

- Career counselling to help students identify and pursue their professional goals,
- Training for competitive examinations to prepare students for various entrance and recruitment tests,
- Training for communicative English to enhance language skills and employability.

These initiatives are particularly beneficial for students from socially backward classes and weaker sections of society, who predominantly avail these courses and experience significant advantages. Additionally, some academic departments within the university also conduct their own career counselling programs tailored to the needs of their students.

We are excited to announce that Netaji Subhas University is now in collaboration with Career Launcher and IMS to provide our students with these opportunities. This partnership brings the expertise of two renowned organizations, offering access to top-tier training programs, mock tests, and personalized guidance for competitive examinations. By working with Career Launcher and IMS, we are enhancing our existing career counselling and guidance services, ensuring that our students have the resources they need to succeed in their career aspirations.

Over the last five years, Netaji Subhas University has taken several initiatives to enhance these services, reflecting its strong commitment to supporting its diverse student body. These efforts ensure that all students have the opportunity to excel in their chosen careers.
