## CMA Scholarship Program

### Overview

The CMA® (Certified Management Accountant) is the gold standard of certification in management accounting. It is unique among professional and academic credentials, designed specifically for accounting and finance management professionals in business. Achieving the CMA designation demonstrates professional expertise in financial planning, analysis, control, decision support, and professional ethics – essential skills sought after by successful organizations and their financial team leaders.

IMA® (Institute of Management Accountants) is committed to supporting the education of future accounting and finance professionals working in business. As part of this effort, IMA created the CMA Scholarship Program, which honors top students by recognizing them with this scholarship. To date, IMA has awarded over 17,500 scholarships worth over \$18,000,000.00

Recipients of the CMA Scholarships will receive a comprehensive package of benefits enabling them to study for and take the CMA exam at no cost. The benefits include:

- IMA student membership for three years
- Entrance fee to the CMA program
- Exam Support Package – an assessment tool that can help assess the content covered on the CMA exam
- Registration fees for the first attempt at both parts of the CMA exam
- Choice of course provider review material (All regions except China)

The CMA Scholarship is activated at the time a nominee joins IMA and registers for the CMA program. The scholarship recipient has up to three years to successfully complete both parts of the CMA exam.

Faculty can nominate up to 10 students per university per academic year. Students must be currently enrolled full-time and attending regular classes to be nominated. Students who have already graduated would not qualify for the CMA Scholarship. **Students cannot self-nominate.**

### Eligibility Requirements

IMA is pleased to offer the CMA Scholarship opportunity to up to 10 students per university per academic year. Universities can submit the 10 student nominations as a group, in smaller groups, or individually throughout the year; however, the total number of nominations per school cannot exceed 10 per academic year. This includes both bachelor's and master's degree students in accredited accounting or business programs. Students must be currently enrolled full-time in a program to be nominated. Students who have already graduated would not qualify for the CMA Scholarship.

For bachelor's degree programs, there is a preference that students completing the junior (third) year of their program be nominated for a scholarship. Scholarships are awarded based on faculty nomination. Please be sure to coordinate the nominations internally within your department to ensure the total number does not exceed the limit of 10 per year. For universities in the Middle East, India, Sri Lanka, Pakistan, or Bangladesh a letter on university letterhead from the department chair is requested to confirm the selected nominees.

### **REPORT ON FIVE-DAY TRAINING PROGRAM ON VERMICOMPOSTING**

#### **Introduction:**

The five-day training program on vermicomposting was conducted on 3/07/2023 to 7/07/2023 at college campus of Netaji Subhas University, Pokhari, Jamshedpur. The training aimed to equip participants with knowledge and practical skills in vermicomposting, an eco-friendly method of composting using earthworms. The program was attended by students and faculties of B.Sc. (Hons.) Agriculture, under the guidance of Mr. Amit Mahato, director of Sri Amulya Organic, Jamshedpur.

#### **Day 1: Theoretical Sessions**

The first day focused on theoretical aspects, covering the following topics:

1. Introduction to Vermicomposting – Understanding the importance of vermicomposting, its benefits, and its role in sustainable agriculture.
2. Types of Earthworms Used in Vermicomposting – Overview of different species, such as *Eisenia fetida* and *Perionyx excavatus*.
3. Materials Required for Vermicomposting – Discussion on biodegradable waste, bedding materials, and proper selection of worms.
4. Setting Up a Vermicomposting Unit – Step-by-step guide on creating a vermicomposting bin.
5. Maintenance and Troubleshooting – Common issues faced in vermicomposting and their solutions.

#### **Day 2: Practical Sessions**

The second day was dedicated to hands-on training, allowing participants to apply the knowledge gained on Day 1.

1. Setting Up a Vermicompost Bin – Participants were guided through the process of creating their own vermicomposting unit.
2. Feeding and Managing Worms – Demonstrations on how to feed earthworms and maintain proper moisture levels.

3. Harvesting Vermicompost – Techniques for separating compost from worms and ensuring high-quality compost.
4. Application of Vermicompost – Discussion on how to use vermicompost in agriculture and home gardening for soil enrichment.
5. Q&A and Feedback Session – An interactive session where participants shared their experiences, concerns, and suggestions.

### **Conclusion:**

The training was successful in enhancing participants' understanding of vermicomposting. The hands-on sessions provided practical exposure, enabling them to implement vermicomposting effectively. Feedback from attendees was positive, with many expressing interest in applying the knowledge gained. The program concluded with the distribution of certificates and a vote of thanks to the facilitators and participants.

### **Recommendations:**

- Conduct follow-up sessions to assess participant progress.
- Organize similar workshops in other regions to promote sustainable waste management.
- Provide additional resources, such as manuals and starter kits, to help participants implement vermicomposting successfully.
