Village Adoption Policy (VAP)

(Approved w.e.f 18th September, 2019.)

1.0 CONTEXT OF VILLAGE ADOPTION POLICY (VAP)

Netaji Subhas University believes that village adoption efforts need to be started by the University to equip all the fraternity to be involved with the socio-economic dimensions of the rural communities, status of sustainable use of natural resources, changing perceptions and aspirations, priorities and innovative efforts of the rural communities for sustainable development. In addition, it is very essential to enable the community to adopt strategies, methodologies, processes to develop sustainability and create a society where people get equal opportunities to realise their potentials. The Unnat Bharat Abhiyan (UBA) is a national program by the Ministry of Education (MoE) that aims for transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India and to have a paradigm shift in academic and research programs of the country. In line with the vision of the scheme launched by Prime Minister Narendra Modi our University has initiated the process of adopting a village in our neighbourhood (*Mukhiya Danga*). The University recognizes the importance of this flagship scheme which envisaged development of a neighbourhood village into model villages.

Keeping all these in mind, the University intends to frame a policy to adopt neighbouring village for holistic development the inhabitants therein. Through this process, the stakeholders will be able to come up with new models of rural development with an integrated and holistic development at micro level with an action research model. The University believes that village adoption policy can provide opportunities to the fraternity to get sensitized and understand the problems and social dynamics at the grass root level and thereby building sustainable and cohesive communities by utilizing multiple opportunities with special focus on disadvantaged sectors. The village adoption scheme may also empower the fraternity for better training, research and thus can contribute for rural development in the country.

It also makes provisions for innovative smart schools, libraries, and resource centres with a good stock of children's books. The policy also urges to take steps for adult literacy programmes.

4.2.4 Health Camp: The VAP makes provisions for organization of health camps for the people of the adopted village. In doing so, the University needs to take assistance from doctors and medical staff available in the health centers and hospitals of the adjoining areas. Assistance from Rotary Club, Red Cross Society, Jamshedpur Blood Bank, NSS Unit of the College, Alumni Association and other NGOs can also be taken in this connection.

In our Indian culture, parents are considered greater than God. The one who serves the parents himself becomes eternally respected. Those who adopted this principle themselves became respectable and worshipable. Parents Worship Day is celebrated to pay respect to the parents. This day is dedicated to thank all their sacrifices. Children do not know that the parents take a lot of pain to bring up a child. They come to know this when they themselves become parents.
What happens on Matri Pitru Pujan Diwas ?
• The way parents work hard day and night for us. They sacrifice everything for us. It is our duty to give respect them. Respect should be given throughout the year, but there should be one day in the year which is dedicated only to them, that is why Mother-Father Worship Day is celebrated.
