Describe two best practices successfully implemented as per NAAC format provided in the Manual.

Response:

Best Practice- 1

Title: Vasudhaiva Kutumbakam

An ancient Hindu doctrine known as Vasudhaiva Kutumbakam, or "The world is one family," has its roots in the Vedas and Upanishads. It is an idea that has been adopted by individuals from many religions and cultures all across the world, and it continues to serve as a compass for many who work to inculcate peace and harmony in the modern world.

Objectives of Vasudhaiva Kutumbakam

1. Promotes Unity and Harmony
 1. Encourages compassion and empathy
 2. Promotes Diversity and Inclusivity
 3. Provides a framework for conflict resolution:
 4. Encouraging Environmental management
 5. Promotes personal growth and fulfillment
 6. Provides a framework for social justice
 7. Encourages innovation and creativity
 8. Provides a basis for making ethical decisions
 9. Social justice
 10. Conflict resolution

Aspects of Vasudhaiva Kutumbakam

- Idea of compassion
- Belief in the importance of cooperation
- Personal responsibility
- Powerful philosophy

Registrar
Netaji Subhas University
Jamshedpur, Jharkhand

- Diversity
- Education and knowledge sharing
- Social cohesion

The following measures are promoted:

- Blood donation
- Disaster Management
- Shramdaan
- Awareness on social evils
- Blankets Distribution

Evidence of Success

1. The tribal village near the University is fostered by the student volunteers of NSS Unit of our University.
2. The University provides food facilities free of cost for all its employees
3. Free Bus Services are provided to all the students, faculty members and employees of Netaji Subhas University.
4. A welfare fund has been created by the management of the university to provide monetary relief to employees as and when any urgency comes up.
5. A few shops are also managed in the campus which provides commodities at reasonable prices.

Problems Encountered:

1. Cultural and Religious Differences:
2. Economic Disparities
3. Political Tensions
4. Environmental Challenges
5. Communication Barriers
6. Education and Awareness
7. Human Rights Violations

Registrar
 Netaji Subhas University
 Jamshedpur, Jharkhand

Resources Required:

1. Education and Training Programs:
2. Interfaith Dialogue Platforms:
3. International Collaboration and Diplomacy:
4. Economic Development Initiatives:
5. Environmental Conservation Programs
6. Technology for Communication
7. Human Rights Advocacy
8. Cultural Exchange Programs
9. Media and Communication Campaigns

Best Practice-2:

1. Title of the Practice: Green Campus

2. Objectives:

3. Environmental Conservation: Reduce energy consumption and promote the use of renewable energy sources. Conserve water resources through efficient usage and recycling initiatives. Implement waste reduction and recycling programs to minimize landfill waste.
4. Biodiversity Preservation: Foster the preservation and enhancement of local biodiversity on campus grounds. Promote the planting of native and climate-appropriate vegetation to support local ecosystems.
5. Resource Efficiency: Encourage sustainable transportation options and reduce the carbon footprint of commuting. Implement energy-efficient technologies and practices in campus buildings. Promote the use of recycled materials in construction and maintenance projects.
6. Education and Awareness: Incorporate sustainability into the curriculum to educate students, faculty, and staff. Organize workshops, seminars, and events to promote a culture of environmental responsibility.
7. Waste Reduction and Recycling: Establish effective waste management systems, including recycling and composting. Encourage the reduction of single-use plastics and promote the use of eco-friendly alternatives. Implement initiatives to reuse materials and reduce overall waste generation.

Jamshedpur, Jharkhand

8. **Green Infrastructure:** Develop green building standards and practices for new construction and renovation projects. Create green roofs, rain gardens, and other sustainable infrastructure elements.

By pursuing these objectives, a green campus contributes not only to environmental conservation but also to the education and well-being of its community members.

3. Context

A "green campus" is a location where sustainable and eco-friendly practices are promoted through education and environmental friendly practices. By establishing sustainable solutions to the environmental, social, and economic requirements of humanity, the green campus concept gives an institution the chance to lead in redefining its environmental culture and generating new paradigms.

4. Major Green Campus initiatives at Netaji Subhas University:

1. **Eco-friendly campus:** It is a matter of pride that our campus is lush green with 41 different species of trees adorning the length and breadth of university ground making it a green and serene campus.
2. **Botanical garden:** Our University maintains an unique herbal garden in which various medicinal species of plants are nurtured.
3. **Vermiculture:** Vermiculture is the practise of utilising earthworms to transform organic food waste into a substance rich in nutrients that can support plant growth. In order to produce a crop that can be sustained, it is important to keep up the worm population growth. Vermicomposting is the main goal of vermiculture.
4. **Friendly to beasts and birds:** The greenery and the environmental serenity is conducive and it is an abode of various beautiful birds and beasts.
5. **Footpath:** The campus of the university is well connected with elaborate footpaths which provide easy access to the various buildings situated in the campus.
6. **Restricted vehicle entry:** The number of vehicles entering the campus is so that the pollution levels can be kept under check. We have a parking zone outside the campus where the vehicles can be parked if necessary
7. **Village atmosphere:** The chirping of the birds, the dense covering of fruits, the rows of flowering plants and the serene presence of temple sanctifies our campus and gives a rich feeling to the senses.
8. **Use of cycle & Battery rickshaw:** The use of cycles and battery rickshaw is promoted as they have added benefits for health and also for anti-pollution benefits. The use of non- renewable fuel is also kept in check.

Registrar
Netaji Subhas University
Jamshedpur, Jharkhand

9. **NSS adopted village plantation etc.** : NSS unit of the university has actively participated in the village awareness programs and encouraged plantation drive among them.
10. **Swaccha Bharat Abhiyan**: It is an important aspect at all levels of our society and we fully endorse and encourage it.

5. Evidence of Success:

1. Energy Efficiency:
2. Biodiversity Enhancement:
3. Sustainable Infrastructure
4. Community Engagement
5. Educational Integration
6. Reduced Carbon Footprint
7. Water Conservation
8. Financial Savings
9. Student Involvement:

6. Problems encountered and Resources required

Implementing a green campus faces challenges such as initial financial constraints for eco-friendly infrastructure, resistance to behavioral changes, and limited awareness. Resource requirements include funding for sustainable technologies, educational programs, and community engagement initiatives. Overcoming resistance demands effective communication strategies and ongoing commitment. Successful green campuses often leverage partnerships with government agencies, businesses, and environmental organizations. Adequate resources are essential for continual improvement, maintenance of green initiatives, and fostering a culture of sustainability. Prioritizing these resources ensures the long-term success of a green campus, benefiting both the environment and the camp.

racsocialcrew Rotaract Club of Social Crew of Netaji Subhas University organized a remarkable Health Checkup Camp at Sakchi Auto Stand. The event aimed to provide essential health services to the hardworking auto drivers and the local community. We were honored to have the esteemed presence of DRR Rtr Nandini Bangar and DRT Rtn Rtr Shubham Soni, who graced the occasion with their invaluable support and guidance.

During the camp, we witnessed a heartwarming gesture from DRR Rtr Nandini Bangar herself. She not only encouraged others to prioritize their health but also set a great example by availing herself of a health checkup. Senior technician Rtr Abdul Kadir diligently attended to her, ensuring a thorough examination.

We would like to extend our heartfelt gratitude to DRR Rtr Nandini Bangar and DRT Rtn Rtr Shubham Soni for gracing our event and offering their unwavering support. Their presence truly inspired us to continue our endeavors in serving the community.

मानवाधिकार किसी देश, वर्ग या धर्म का नहीं: सुचित्रा सिन्हा

जमशेदपुर | नेताजी सुभाष यूनिवर्सिटी में गुरुवार को मानवाधिकार जागरूकता कार्यक्रम आयोजित किया गया। इसमें मुख्य अतिथि रिटायर्ड आईएएस अधिकारी व राष्ट्रीय मानवाधिकार कमीशन की सदस्य सुचित्रा सिन्हा थीं। उन्होंने कहा- मानवाधिकारों को समझना आज के युवाओं के लिए बहुत जरूरी है। मानवाधिकार किसी देश, वर्ग या धर्म के नहीं होते, यह सभी इंसानों के लिए होते हैं। मानवाधिकार का सम्मान ही

असली मानवता है। हम सबकी एक ही पहचान है, इंसान। इसलिए सबको बराबरी का अधिकार है। रजिस्ट्रार नार्गेन्द्र सिंह ने कहा- मानवाधिकार एक बहुत विस्तारित विषय है। आज की युवा पीढ़ी को इनके बारे में पता ही नहीं है। इस वजह से इन्हें बुनियादी बातों का भी ज्ञान नहीं होता। ऐसे जागरूकता अभियान कार्यक्रमों की मदद से हम छात्रों को शिक्षित भी कर पाएंगे। कार्यक्रम का संचालन डॉ ज्योति प्रकाश स्वाइन ने किया।

MEDICINAL PLANTS INSIDE THE CAMPUS

The NSU spread an area of about 25.42 Acres. The area is immensely diverse with a variety of tree species performing a variety of functions. Most of these tree species are planted in different periods of time through various plantation programmes organized by the university and have become an integral part of the university. The trees of the university have increased the quality of life, not only the university fraternity but also the people around of the university in terms of contributing to our environment by providing oxygen, improving air quality, climate amelioration, conservation of water, preserving soil, and supporting wildlife, controlling climate by moderating the effects of the sun, rain and wind. Leaves absorb and filter the sun's radiant energy, keeping things cool in summer. Many species of birds are dependent on these trees mainly for food and shelter. Nectar of flowers and plants is a favourite of birds and many insects. Leaf covered branches keep many animals, such as birds, out of reach of predators. Different species display a seemingly endless variety of shapes, forms, texture and vibrant colours. Even individual trees vary their appearance throughout the course of the year as the seasons change. The strength, long lifespan and regal stature of trees give them a monument - like quality. They also remind us the glorious history of our institution in particular. We often make an emotional connection with these trees and sometime become personally attached to the ones that we see every day. A thick belt of large shady trees in the periphery of the college have found to be bringing down noise and cut down dust and storms. Thus, the university has been playing a significant role in maintaining the environment of its surrounding areas.

List of Medicinal Plants and Trees Inside the campus and Garden

Sl No	Common Name	Botanical Name	Uses	Numbers
1	Coconut tree	Cocos nucifera	Anti-microbial	10
2	Mango tree	Mangifera indica	Anti-bacterial, Anti-Fungal	15

nsujamshedpur NSS Cell of Netaji Subhas University organised fourth activity namely "PLANTATION DRIVE" in collaboration with the B.Ed department under the project of MISSION LIFE today. In this campaign, the students coming for their orientation brought saplings with stickers of their names and planted them in the campus with the assigned responsibility of taking care of those saplings. The Principal of the B.Ed Department, Dr. Jyoti Prakash Sir along with his whole team as well as NSS members of the University were also present there and asked the students to participate enthusiastically in the campaign. Almost 100 saplings like Mango, Guava, Pomegranate, Lemon, Peepal, Banana, Neem were planted by the faculties and the students.

22 May 2023

WORLD ENVIRONMENT DAY

First held in 1974, it has been a platform for raising awareness on environmental issues as marine pollution, overpopulation, global warming, sustainable development and wildlife world. Netaji Subhas University has organized plantation and mission life on the world Environment Day dated 13 May to 5 June.

Registrar
